61,000 property owners yet to take Property Cards

The Project Office, City Survey at Nazarbad, Mysuru.

Mysuru, May 19 (RK&BCT)- The property survey under the Urban Property Ownership Record (UPOR) has been completed, with the Department of Land Records accounting for over 3,27,000 properties in Mysuru city and the surrounding 42 villages as per the Comprehensive Development Plan (CDP), also known as the Master Plan.

Of the properties surveyed, draft documents for 1,66,000 properties are ready and 61,900 property owners are yet to collect their UPOR Property Cards.

Apply for Property Cards

Project Office, City Survey (UPOR), at Nazarbad in Mysuru, has urged property owners to submit their Aadhaar Cards and property documents, including rights of use, title deeds, EC documentation details, location, and measurements, to obtain the Property Cards. Obtaining this record helps prevent illegal occupation in the absence of the property owner and minimises the possibility of disputes after registration. For further information, property owners can contact Mob: 74110-88231 or 96324-62492.

Property Cards have been issued to 104,100 property owners.

Similar to RTC for rural properties, UPOR serves as ownership records for properties in urban areas. It includes various details such as the shape and area of property, as well as any encumbrances like bank loans.

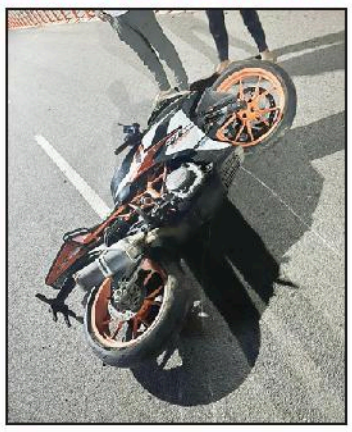
Youth killed as bike hits road divider

Accident between Dattagalli KEB Junction and Ramakrishna Paramahamsa Circle at 4.30 am

Mysuru, May 19 (RK&KS)- A fatal accident occurred in the wee hours of today when a two-wheeler rider collided with the road divider between Ramakrishna Paramahamsa Circle and KEB Junction at Dattagalli.

Rakshit



The rider, identified as Rakshit (26), son of Shivappa and a resident of T.K. Layout, was killed on the spot. He was employed at a private firm. The pillion rider, Tejas, son of Shivakumar and a resident of Chamundipuram, sustained a leg fracture in the accident and has been admitted to a private hospital in the city for treatment.

At around 4.30 am, Rakshit and Tejas were riding their KTM bike (KA-55-W-5487), with Rakshit riding. Near Maramma Temple, between Ramakrishna Paramahamsa Circle and KEB Junction in Dattagalli, Rakshit reportedly lost control of the speeding bike, colliding against the road divider.

The accident's impact was so severe that both riders, along with the bike, were dragged along for a considerable distance, leaving visible marks on the road. Rakshit sustained severe head injuries upon falling from the bike and tragically passed away. Tejas suffered a leg fracture.

Upon reaching the scene, KR Traffic Police conducted a mahazar, registered a case and shifted Rakshit's body to MMC&RI mortuary for post-mortem. Tejas was admitted to a private hospital for treatment.

Following the post-mortem examination, Rakshit's body was released to his family members.

KR Traffic Police are currently investigating the incident.

Good spell of rain triggers farming activity in Mysuru

Agriculture Dept. targets cultivation in 3.95 lakh hectares; starts seed distribution for early Kharif crops

Mysuru, May 19 (VNS)- After enduring significant losses last year due to severe drought, farmers in the Mysuru region, particularly in the Cauvery catchment area, are now experiencing relief with the onset of rainfall, bringing smiles to their faces.

With the arrival of the rains, farming activities have picked up pace in the Mysuru region, including tilling the land and sowing seeds. Farmers are hopeful that the spell will continue till the actual monsoon sets in.

To assist farmers in recovering from their incurred losses, the Department of Agriculture has initiated the distribution of seeds for early Kharif crops, including uddu (black gram), hesaru bele (green gram), cowpea (alasande), maize (Musukina Jola) and sooryakanthi (sunflower).

Black gram seeds are being provided to farmers at Rs. 132.50 per kg for those in the general category, whereas the same is available at a discounted rate of Rs. 119.50 per kg for farmers belonging to SC/ST communities.

Similarly, cowpea seeds are priced at Rs. 110 per kg for the general category and Rs. 97.50 per kg for SC/ST farmers. Green gram seeds are offered at Rs. 161 per kg for the general category and Rs. 148.50 per kg for SC/ST farmers.

Power disruption on May 21

Mysuru, May 19- As Karnataka Power Transmission Corporation Limited (KPTCL) has taken up its 1st quarterly maintenance works at South Power Distribution Centre, power supply will be disrupted in the following areas on May 21 between 10 am and 5.30 pm:

Industrial Suburb, Vidyaranyapuram, Kanakagiri, Besthara Block, areas around Sterling Theatre, Weavers Colony, around Subramanyaswamy Temple, Chamundipuram Circle, Postal Colony, Chamundi Vana, around Vani Vidya Mandira, around Silk Factory, Ashokapuram, Narayana Shastri Road, Azam Masjid Road, Dewan's Road, Ballal Road, Krishnamurthypuram, RTO Road, Chamarajapuram, areas around Nanjumalige, Bandipalya, Hosahundi, Gudumadanahalli, Uttanahalli, Yeligehundi, areas around Alanahalli Ring Road, Nachanahalli Palya, J.P. Nagar, Kavitha Bakery Circle, Police Booth Circle, Gobbalimara Circle, Siddalingeshwara Layout, Omkar Layout, Amogha Palace Hotel and surrounding areas, according to a press release from the Executive Engineer, N.R. Mohalla Division.

EDITOR'S BOTTOMLINE

Leaders are the most important people in society. They define the goals, priorities and progress of a nation. They represent the nation on the world stage through conduct, character and personality. They influence the aspirations, attitudes and mindsets of the people. They look towards their leaders for inspiration and motivation. History shows that great and good leaders make a nation, whereas bad and wicked leaders break a nation. The most significant mishaps and catastrophes the world has gone through and is going through are a result of the mistakes of its leaders. The better leaders we have, the world will be a better place to live and thrive for all. Bhagavad Gita (3.21) stresses the role of leaders as role models for the public and the need to educate those leaders (4.2).

It is essential to have leaders with character and competence for the holistic growth of individuals and nations. Holistic growth involves** dharma, **social,** artha, **economic,** kama, **personal and** moksha, **spiritual growth. Being in a democracy is a great privilege wherein we have the right to choose our leaders in a free and fair way. According to a Pew survey, around half of the nations in the world are bereft of this privilege. Vibhishan wanted to live a life of righteousness, devotion and compassion. But he was caught up under the tyrannical rule of Ravan, the leader of Lanka. Ravan propagated materialism, self-centredness and irreligion. Vibhishan realised that Ravan's leadership was detrimental to his growth and the growth of Lanka. He tried his best to counsel Ravan and inspire him to mend his ways but to no avail. Then, he came across Hanuman and heard about Ram, his exemplary leadership, glorious virtues and kindness.

Vibhishan found out more about Ram's leadership. He contrasted Ravan's leadership with Ram's leadership. He felt Ram's leadership would be congenial for his growth and that of Lanka. Then, he was in a situation where he had to choose between Ravan and Ram. He boldly made the right choice to be with Ram as Ram provided him with an opportunity to assist in fighting against Ravan. Eventually, Ravan was defeated and Vibhishan was installed as the king of Lanka. By choosing the right leader, Vibhishan did good for the people of Lanka.

First, we need to realise how the quality of our lives and progress depends on the type of government that gets elected. It affects not just our lives but also lives of our fellow citizens and future citizens of the nation. The symptom of an evolved human being is that he thinks about others' welfare. Once we enlighten ourselves with the importance and significance of casting our vote, we can evaluate our choices.

—Radhanath Swami in The Times of India

NEWS SPARKLERS

This deepest subway station will clog your ears

Chongqing: The Hongyancun subway station in Chongqing, China, is 116 meters deep and the difference in air pressure will often leave users with clogged ears when accessed via its elevator.

When the air pressure outside of the eardrum becomes different than the pressure inside, you experience ear barotrauma. It occurs most often during steep declines and descents and is usually associated with plane take-offs and landings or driving up or down the mountains.

Most subway stations don't usually cause ear barotrauma, because they aren't deep or steep enough for your ears to register a significant enough difference in air pressure. But using the elevator to reach the world's deepest subway station might actually clog up your ears. That's because it is located 116 meters below the surface, the equivalent of about 40 floors underground.

Masked man eats jar full of cheeseballs

Manhattan: A masked man known as 'Cheeseball Man,' gathered a crowd of hundreds to watch him eat a whole jar of cheeseballs.

It all started with some fliers showing a man with an orange ski mask holding a large jar full of cheeseballs and inviting everyone to come watch him devour the cheesy treats in Manhattan's Union Square Park, on April 27.

The fliers went up months before the big day, and although Cheeseman didn't really expect a large crowd to accept his invitation, he was blown away by the size of his audience. Close to 1,000 people gathered in Union Square Park to watch him gobble down his jar of cheeseballs and videos of the big event have so far been viewed millions of times online.

VOICE OF THE READER

Re-start more flights from Mysuru

Sir,

Presently there are only one flight each from Mysuru to Chennai and Hyderabad. For persons traveling to far off destinations such as Mumbai, Delhi or Kolkata, it becomes terribly stressful to go to Bengaluru Airport causing waste of time and energy. If more flights are put to Chennai or Hyderabad, one can at least change over from there to far off destinations.

Secondly, small flights could be resumed to smaller towns like Hubballi, Shivamogga, Pune and Mangaluru at least one flight per week. Traveling to Mangaluru by road is quite strenuous due to ghat sections.

I humbly request the authorities concerned to look into this matter and do the needful. Otherwise usefulness of Mysore Airport will be nil. It is also extremely important from the point of view of developing this beautiful city.

West Nile fever in Kerala: Health officials on high alert in Mysuru

Mysuru, May 19 (RK&BCT)- Against the backdrop of the emergence of West Nile Fever (WNF) in Kerala, H.D. Kote Health and Family Welfare Officer Dr. Gopinath and Taluk Health Officer Dr. T. Ravikumar, along with their team, inspected Bavali check-post along Kerala border on Mysuru-Manandavadi Road on Thursday.

Following previous outbreaks of COVID-19, Nipah and H5N1 avian influenza from across the border, there is a concern about the spread of West Nile Fever. The prevalence of West Nile Fever has been particularly high in Kerala, prompting increased vigilance in Mysuru region. Check-posts have been established in H.D. Kote Taluk to monitor vehicles entering and leaving the area.

An alert has been issued in Mysuru region regarding the emergence of West Nile Fever. Kerala reported its first case of West Nile Fever in 2011. The virus was subsequently detected in 2013, 2019 and 2022.

So far this year, at least 10 confirmed cases of West Nile Fever and two suspected deaths — one in Palakkad and the other in Thrissur — have been reported in the neighbouring State.

West Nile Fever is transmitted by mosquitoes infected with WNV. "The virus gets transmitted when Culex mosquitoes draw blood from infected birds. When these mosquitoes bite humans or animals, the virus gets transmitted again," officials explained.

Those infected by WNV may experience symptoms such as fever, headache and body ache. In extreme cases, individuals may suffer from neurological complications like encephalitis (brain inflammation) and meningitis (inflammation of the brain and spinal cord membranes).

Currently, there is no vaccination against WNV, so people should protect themselves from mosquito bites.

Dr. Ravi Kumar stated that healthcare and ASHA workers are conducting surveys. They are also implementing measures similar to dengue surveillance, including eliminating mosquito breeding sites, source reduction, and control activities through larval surveys and fogging in tribal hamlets close to Kerala border.

Volunteers from the Health Department and ASHA workers have been instructed to refer anyone showing symptoms of fever to the nearest Primary Health Centre.

They are also tasked with providing health education and reporting to the Taluk Health Officer's Office daily.

Legislative Council Polls

Dr. E.C. Ningaraj Gowda vouches support for NDA candidate

Mysuru, May 19 (SBD&DM)- Ending his rebellion, BJP leader Dr. E.C. Ningaraj Gowda who had filed his nomination papers as the party candidate for the Legislative Council Polls from South Teachers Constituency, on Friday declared that he would support JD(S) candidate K. Vivekananda, who has been declared as the BJP-JD(S) coalition NDA candidate for the seat.

Addressing presspersons at the joint meeting of NDA coalition partners at the BJP Office in Chamarajapuram here on Friday, Dr. Ningaraj Gowda announced that he would be supporting NDA candidate K. Vivekananda.

"I will withdraw my nomination as per the directions of the BJP High Command", he said.

Maintaining that his objective is to strengthen the hands of State BJP President B.Y. Vijayendra, Ningaraj said that the BJP had announced his candidature for the South Teachers Constituency Legislative Council seat, following which he had filed his nomination sans the party's B Form. But due to the developments later, the BJP left the seat to coalition partner JD(S) and subsequently K. Vivekananda has filed his nomination as the NDA candidate.

"Now I am going to withdraw my nomination and support Vivekananda," he said.

Chamundeshwari MLA and JD(S) Core Committee President G.T. Devegowda (GTD) said that this meeting has only strengthened the coalition and the ruling Congress which is always looking to divide the Opposition, should take note of this. JD(S) leader and former MLC K.T. Srikantegowda, who was also one of the aspirants for the seat, will campaign for Vivekananda, he said adding that the coalition leaders will work with co-ordination to ensure the defeat of the Congress.

KR MLA T.S. Srivatsa, City BJP President and former MLA L. Nagendra, District President L.R. Mahadevaswamy, State BJP Secretary Thammesh Gowda, NDA candidate K. Vivekananda, BJP leaders B.M. Raghu, Mahesh Matawadi, Niranjan Murthy, Mohan, K. Devaraj, Maheshraje Urs, B.M. Santosh Kumar and others were present at the meeting.

Congress holds meeting to discuss strategy

Mysuru, May 19 (BLU&DM)- With the Legislative Council polls for South Teachers Constituency scheduled to take place on June 3, the Congress held a strategy meeting at Chikkammaniketana Kalyana Mantap in Kuvempunagar here yesterday.

Addressing the meeting, former MLA M.K. Somashekar said that the Congress Government has done much for the benefit of the teaching community. Highlighting that the Congress Government had met many demands and addressed many other issues concerning the teaching fraternity, he asked the Congress workers to educate the teachers on what the Congress has done for the welfare of teachers. Stressing on the need for Congress workers to maintain the tempo of the just concluded LS polls, he said that the party workers must give out their best for ensuring the victory of the party candidate Marithibbegowda.

Congress leader T.S. Ravishankar, who also addressed the meeting, wanted the Congress leaders and workers to focus largely on seeking first preferential vote as more such votes will largely help the fortunes of the Congress candidate. Highlighting the importance of first preferential votes in Teacher and Graduate Constituencies, Ravishankar observed that the works done by Congress candidate Marithibbegowda as an MLC, is a plus point that will help him sail through in the elections.

The South Teachers constituency encompasses the districts of Mysuru, Mandya, Hassan and Chamarajanagar.

City Congress President R. Murthy, party leaders and workers were present.

Ravikumar. Picture right shows Vid. Shankar Shanbhogue presenting a vocal concert on the occasion. He is accompanied by Raghunath on tabla, Gurudath Hunsur on rhythm pad and Shanmuga Sajja on keyboard.***

Mysuru, May 19 (SBD&DM)- Vid. Shankar Shanbhogue's 'Kavya Sangeetha' musical performance enthralled the audience at the 128th cultural programme organised jointly by BVB (Bharatiya Vidya Bhavan), Mysuru Kendra and Infosys Foundation, Bengaluru, at the BVB auditorium in Vijayanagar 1st Stage here yesterday.

Vid. Shankar Shanbhogue was accompanied by Raghunath on tabla, Shanmuga Sajja on keyboard and Gurudath Hunsur on rhythm pad.

Vid. Shankar rendered Kavya, Vachana, Janapada, Bhavageethe, Tatva Pada, Dasarapada etc., with a melodious voice, which captivated the gathering.

He began by rendering the invocation 'Gajamukhane Ekadantane…' Later, he sang Rashtrakavi Kuvempu's song 'Om Sachidananda Tritva Mukhavaada Parabrahmadalli…'

Thereafter, he sang many Vachanas of Basavanna including 'Kalabeda, Kolabeda, Husiya Nudiyalu Beda..', Allamaprabhu's Vachana 'Bhumi Ninnadalla, Kaamini Ninnavalalla, Avu Jagakkikkida Vidhi', Haridasa's song etc.,

Earlier, *Star of Mysore* and *Mysuru Mithra* Founder-Editor K.B. Ganapathy, who is also BVB Mysuru Chairman, inaugurated the programme by lighting the lamp.

Speaking on the occasion, Vid. Shankar Shanbhogue said: "It is rare to find artistes making attempts to make the audience understand literature. On the other hand, the audience too is interested in only hearing the singers or musicians. The audience also seems to be little bothered to understand the meaning of the songs rendered by the singers. As such, literature is slowly losing its ground in music. Music is a media for taking literature closer to people and make them understand it better."

Pointing out that it was Haridasa who led the Saraswatha world after Vachanakaras, Vid. Shankar said that there is a wrong perception that Haridasa advocated Adhyatma and Madhwa Philosophy. But the fact is that he explained in simple terms on how to live, how to follow the right path and how to correct mistakes. Haridasa's literature is virtuous to Kannada literature, he added.

BVB Mysuru Hon. Secretary P.S. Ganapathy, Hon. Treasurer Prof. A.T. Bhashyam, Administrative Officer S.R. Ravikumar, Management Committee Members Dr. J.V. Gayathri and Wing Commander (Retd.) S.C. Balasubramanyam and others were present.

61,000 property owners yet to take Property Cards

(Continued from page 1)

Speaking to *Star of Mysore* this morning, Regional Joint Director of Land Records, Mysuru Division, Prasad V. Kulkarni said that the Department has undertaken the property survey in line with the aims and objectives of the UPOR. "Considering 61,900 property owners yet to collect their UPOR Property Cards, we appeal to the property owners to visit the Project Office, City Survey (UPOR) at Nazarbad to collect their property documents," he said.

ETS, DGPS technologies

The office has undertaken the digitisation of all data concerning urban property ownership, including vacant plots, houses, commercial complexes, apartments, and other urban properties. This digitisation process has utilised advanced technologies such as Electronic Total Station (ETS) and Differential Global Positioning System (DGPS).

The key benefits of Property Cards include: Banks can be certain that the property belongs to the buyer, facilitating the sanctioning of loans, Courts can more efficiently dispose of property-related cases and City and Municipality Corporations will have a comprehensive database. Property Cards will include exact GPS coordinates of each property, helping owners locate the boundaries of their property on the ground even after hundreds of years.

Prevents property fraud

UPOR is a landmark project in Karnataka to create digitised, geo-referenced and unique identity records for property in urban areas, and issue Property Cards to owners. The objective is to prevent cheating in land deals and protect lands including those owned by the Government from fraudsters.

"It is a comprehensive survey of the properties, digitising the data and creating records embedded with spatial details based on GIS survey, land mapping, recording the mutation if any besides mentioning ownership details, Prasad added.

In the Property Cards, every property will have correct information about the land and a Record of Rights. The information about the owner, the dimensions of the property, the directions of the property and other accurate details will be provided.

"Once the property owner applies for UPOR Property Cards, a draft copy will be issued after the thumb impression of the owner is taken. The final Property Card will be issued after two weeks," Prasad said.

Good spell of rain triggers farming activity in Mysuru

(Continued from page 1)

Additionally, the State Government has announced subsidies of Rs. 25 per kg for farmers in the general category and Rs. 37.50 per kg for farmers from SC/ST communities, further aiding them in their agricultural endeavours.

Speaking to *Star of Mysore*, B.S. Chandrashekar, Joint Director of the Department of Agriculture, expressed optimism about this year's agricultural prospects with anticipated normal rainfall. Chandrashekar stated that the Department is targeting cultivation in 3.95 lakh hectares and has already commenced seed distribution to farmers over the past few weeks.

In addition to black gram, green gram and cowpea, seeds for crops such as ragi, sunflower and maize will also be distributed, he added.

Farmers in Mysuru, Mandya, and Chamarajanagar have traditionally cultivated pulses as early kharif crops before the monsoon. Following this, they will sow ragi seeds and paddy during the monsoon season, while sugarcane remains a year-round crop.

B.D. Jayaram, Assistant Director of the Department of Agriculture, highlighted that their goal is to reach at least 50 percent of farmers in the region to provide them with seeds at subsidised rates. Additionally, he noted that many farmers opt to make use of the seeds they have prepared themselves for cultivation alongside those distributed by the department.

Despite the anticipated good monsoon this season, farmers express concern over the timing of sowing seeds for pulses, fearing that they may have missed the window and will now have to wait for the monsoon to cultivate ragi and paddy crops.

Hosakote Basavaraj, President of Karnataka Rajya Raitha Sangha, Mysuru, highlighted that although rainfall has been received, the optimal time for sowing cowpea and black gram has passed, leaving only horse gram (hurali) as a viable option for cultivation.

"Due to drought conditions, many farmers who planted sugarcane and banana crops have incurred losses. While the State Government has announced up to Rs. 2,000 per farmer in compensation, it has yet to reach the affected farmers. We anticipate that the compensation will be disbursed promptly once the election Model Code of Conduct is lifted," stated Basavaraj.

He also urged the State Government to conduct a joint survey involving both the Agriculture and Horticulture Departments to assess the total extent of the losses and provide adequate compensation to distressed farmers.

With the Indian Meteorological Department (IMD) forecasting good rainfall, the farming community eagerly awaits whether the anticipated rains will bring relief or if the period of distress will persist.

Country will witness anxious days

post-elections, says Psephologist Dr. H.V. Vasu

Mysuru, May 19 (GA&VNS)- Post-elections, India will experience anxious days as fake news and videos continue to circulate through social media," claimed Dr. H.V. Vasu, Psephologist and Editor of eedina.com portal.

Addressing the topic 'Elections 2024 – Prospects and Perspectives' at an event organised by the Mysore Open Forum (MOF) at the Kalpa Kshetra Auditorium in Vijayanagar Fourth Stage this morning, Vasu emphasised the urgent need for a new political system, a concept advocated by former AICC President Rahul Gandhi.

"Unfortunately, Rahul Gandhi has not even been able to implement the new political system he has been advocating within his own party," Vasu remarked.

Reflecting on election surveys, Vasu noted that while surveys conducted during previous Assembly elections were based on various castes and aimed to understand the thought process of the people, the surveys conducted for the ongoing Lok Sabha elections have been confusing. This has led to speculation about the future of democracy.

Dr. H.V. Vasu, Editor of eedina.com portal, delivering a talk at an event organised by Mysore Open Forum at Kalpa Kshetra Auditorium in city this morning as Senior Journalist Krishna Prasad looks on.

Alleging that apart from the Supreme Court, no other institution in the country was functioning properly, Vasu remarked, "The media, which is supposed to act as the watchdog of democracy, has instead become hunting dogs. This election is far from normal with political leaders making statements according to their whims and fancies. However, the salaried middle-class voters have managed to normalise what seems like an abnormal election."

Regarding the projection of the BJP as the strongest party, Vasu argued that statistically, it is incorrect. He pointed out that while the BJP won 1,484 assembly seats out of the total 4,123 seats in the country, the Congress secured 2,500 seats. "During the 2014 Lok Sabha polls, BJP's success was attributed to incidents like Pulwama and Balakot," Vasu added.

Highlighting the rarity of a single party returning to power at the Centre since 1966, Vasu drew parallels with Karnataka, where D. Devaraj Urs was the only leader to achieve consecutive terms in 1983. Since then, no politician has replicated this feat.

Expressing concerns about JD(S) aligning with BJP, Vasu warned that such a move could be fatal for the regional party. He mentioned previous attempts by the BJP to undermine JD(S) using symbols like the Kempegowda statue and controversies surrounding figures like Uri Gowda and Nanje Gowda.

Adding to his remarks, Vasu claimed that Prime Minister Narendra Modi's popularity had significantly declined with only 35 percent supporting him. Senior Journalist Krishna Prasad also spoke on the subject. Following the presentations, there was a question-and-answer session.

Mysuru Karaga held with religious fervour

Mysuru, May 19 (MK&VNS)- Thousands of devotees from Mysuru and surrounding districts thronged Ittigegud to take part in the 100th Mysuru Karaga Mahotsava of Goddess Chamundeshwari and Goddess Mariyamma yesterday.

Ittigegud wore a festive look with the main thoroughfares decked with serial lights and flower strands for the past four days. Various rituals were held from 6 am on May 15 with *abhisheka* performed to the idol of Goddess Mariyamma before *Kankana* was tied to the four directions of the locality.

On the day of Karaga, *Ambali puja* was performed at 12 noon followed by *Okuli* and *Tambittu Aarati* to the deities at 4 pm.

The Karaga which began at 8 pm from the temple premises in Ittigegud went around Mysuru city the whole night including Palace Road, Chamaraja Double Road, Narayana Shastri Road, Shivarampet, New Sayyaji Rao Road, Ellamba Temple, Mission Hospital Road, Kabir Road, Kalamma Temple Road, Irwin Road, Kurubageri, Kumbarageri, Ashoka Road and Nazarbad before returning to the temple premises in the wee hours of today.

The Karaga was accompanied by folk and cultural troupes including *Nadaswara*, band set, *Veeraghase*, Devara Kunitha, Kamsale, Kombu, Kahale, Tamate and Garudi Kunitha among others. Yesterday's event also witnessed youths, both men and women, seeking the blessings of the deities to enter into wedlock soon.

Earlier, Sri Renukadevi Karaga Temple Trust Chairman and former MLC Sandesh Nagaraj felicitated MLAs K. Harishgowda and T.S. Srivatsa on the occasion. Trust Executive Committee Members P. Neelakantu, C. Shivaprakash, V. Sundaramurthy, G. Harish Kumar, L. Shambumurthy, Hemu, Chikkalingaiah, Srikantaswamy, M. Manju, Subramanya Dixit, Srihari Dixit were present.

Mysore betel leaf prices soar

Post-meal munching at a cost

Mysuru, May 19 (BLU&BCT)- The significance of betel leaves in auspicious ceremonies is profound, serving as integral components in various cultural rituals. For many, the combination of betel leaves and arecanut is not just a mere indulgence but a cherished tradition, enjoyed after meals or throughout the day.

Often referred to as the 'poor man's almond,' betel nuts and leaves hold a special place in the hearts of many due to their cultural and historical significance.

Mysore betel leaves, known locally as Mysore Veelyadele, have earned global acclaim for their exceptional quality and distinctiveness. They stand out among Mysuru's Geographical Indication (GI)-tagged products, symbolising the region's rich heritage. Cultivated across approximately 50,000 hectares nationwide, Mysore betel leaves continue to uphold their reputation for excellence on the global stage.

While States like Madhya Pradesh, Maharashtra, Andhra Pradesh, Odisha, Bihar and West Bengal also partake in betel leaf cultivation, Mysuru stands out, commanding a staggering 75 percent share of Karnataka's total betel leaf production.

However, recent times have witnessed a sharp increase in the price of betel leaves, especially the renowned Mysore variety. Variants such as the 'tambula' leaf, white leaf ('biliyele') and 'chigurele' (tender leaf) flourish in the fertile lands of Mysuru.

Steep price increase

Previously available at a modest price, the Mysore 'tambula' leaf, sold in bundles of 200 leaves each, has seen its cost escalate from Rs. 100 to Rs. 120 per bundle to a range of Rs. 150 to Rs. 200.

Similarly, the price of Mysore white leaf has surged from Rs. 150 to Rs. 200 to an astonishing Rs. 300 to Rs. 350 per bundle. Even Mysore 'chigurele', once priced at Rs. 200 to Rs. 250 per bundle, now commands prices ranging from Rs. 350 to Rs. 400. Betel leaf cultivation thrives primarily in Mysuru city, Nanjangud and Udbur, with Udbur specialising in the production of 'tambula' leaves.

Plantation Vs real estate

The surge in betel leaf prices can be attributed to several factors. Once, vast plantations sprawled from Poornaiah Choultry in historic Agrahara of Mysuru city to J.P. Nagar along Nanjangud Road, cultivating betel leaves across extensive acres. However, a significant portion of these plantations, amounting to 25 percent, has now been repurposed into residential areas. Countless homes now stand where lush green gardens once flourished, transforming once-verdant landscapes of betel leaf crops into concrete jungles. This conversion has significantly diminished the yield of betel leaf produce.

Moreover, diseases like leaf blight have plagued betel leaf cultivation, further diminishing yields. Weather aberrations, including droughts, exacerbate the decline in betel yields.

The ideal temperature range of 30 to 36 degrees Celsius is crucial for the optimal growth of betel leaves. However, recent years have brought severe droughts and scorching summer temperatures exceeding 40 degrees Celsius, which have negatively impacted betel leaf yields.

Labour scarcity presents another obstacle to cultivation. Skilled workers are essential for the intricate process of hand-harvesting betel leaves, as machinery cannot be utilised. Unfortunately, the shortage of skilled labourers has impeded the growth of betel nut crops.

Cultural and health benefits

Indeed, betel leaves possess not only economic importance but also profound cultural and health benefits. Heart-shaped and aesthetically pleasing, they aid in digestion when chewed with nuts after meals and contribute to enhancing immunity. Moreover, betel leaves hold immense significance in Hindu festivals and religious ceremonies, where they are regarded as essential offerings to the deities, symbolising auspiciousness. With roots deeply embedded in Indian culture since ancient times, betel leaves carry a rich mythological legacy.

According to the Skanda Purana, the betel leaf emerged from the depths of the sea during the divine churning between gods and demons, rendering it sacred in Hindu tradition.

Once affordable, the price of betel leaf has surged, with a single leaf now fetching up to Rs. 2, making it increasingly inaccessible to the less af fluent, particularly the elderly who cherished its consumption.

The distinct flavour of Mysore betel leaves, nurtured in the region's black clay soil, driving a substantial demand for Mysore betel leaves.

Recognising its exceptional quality, the Mysore betel leaf has earned global renown along with its GI tag. It is imperative to safeguard and preserve this unique crop, with its distinctive characteristics, for generations to come.

Save the leaf we cannot live without

The State Government must urgently intervene to dissuade betel leaf growers from dismantling their plantations and incentivise the establishment of new ones. Addressing the challenges encountered by betel leaf growers is paramount. Their needs and demands should be met and efforts to promote betel cultivation should be intensified. Failure to act swiftly will result in the gradual disappearance of betel plantations, replaced by residential areas. This grim trajectory could culminate in a future where children must learn about betel leaves from books or films, rather than experiencing their cultural significance first-hand.

Sex scandal

Arrest warrant issued against JD(S) MP Prajwal Revanna

SIT in the process of freezing seven bank accounts held by Prajwal Revanna, absconding for 21 days

Bengaluru, May 19 (Agencies)- The Special Court for Elected Representatives in Bengaluru has issued an arrest warrant against JD(S) MP Prajwal Revanna in connection with a sexual assault case.

Prajwal

The warrant pertains to a case registered against Prajwal on Saturday, in which his father, Holenarasipura MLA H.D. Revanna, is also an accused and currently out on bail.

Three cases of sexual assault have been registered by three women against Prajwal, who is currently at large. A Blue Corner notice issued by Interpol to its 196 member countries, seeking his current location, has not yet received any response.

This is considered the first step towards seeking the cancellation of his passport, which would compel him to return to India. Prajwal Revanna left the country for Germany in the early hours of April 27.

According to intelligence sources, Prajwal has been travelling across Europe, where his diplomatic passport, as an Indian MP, allows him entry without a visa.

Unconfirmed reports indicate that Prajwal Revanna has travelled to Hungary, Austria, England and Dubai. He had booked a return ticket to Bengaluru on May 15 when he left for Germany on April 27, but he cancelled it at the last minute.

Sources suggest that he is unlikely to return before the declaration of the Lok Sabha election results on June 4.

The Special Investigation Team (SIT) is now probing Prajwal Revanna's financial assets. Reports indicate that authorities have obtained information regarding all bank accounts associated with Prajwal and are in the process of freezing these accounts.

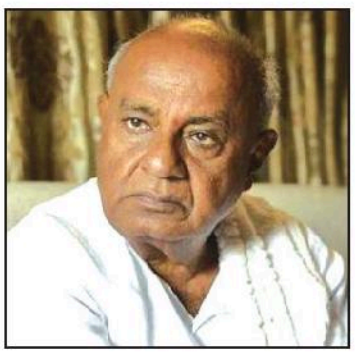
According to SIT sources, Prajwal has seven bank accounts and officials have access to complete details of these accounts.

As Prajwal has been elusive for 21 days, authorities are intensifying efforts to understand the background of this sequence of events.

Take action against Prajwal Revanna under law: Former PM Deve Gowda

Bengaluru, May 19 (Agencies)- Former Prime Minister H.D. Deve Gowda stated on Saturday that action must be taken according to the law against his grandson and JD(S) MP Prajwal Revanna over sexual abuse allegations.

On his 91st birthday, Deve Gowda told media persons that Prajwal Revanna should not be spared. However, he claimed that the cases against Prajwal's father, JD(S) MLA H.D. Revanna, were false.



H.D. Deve Gowda

"H.D. Kumaraswamy has already spoken on many occasions on behalf of our entire family about Prajwal Revanna and H.D. Revanna. It is the responsibility of the Government to take all possible steps against Prajwal Revanna under the purview of the law. But now the people also know that false cases were registered against H.D. Revanna," Deve Gowda added.

Deve Gowda had not stepped out of his Bengaluru residence since Apr 27 and yesterday too, he did not celebrate his birthday. He had earlier campaigned for BJP-JD(S) alliance candidate Prajwal Revanna in Hassan. On April 26, he cast his vote in Paduvalahippe village in Hassan district.

The very next day, Prajwal Revanna left the country as the alleged sexual abuse videos began to emerge.

On May 4, H.D. Revanna was arrested in a kidnapping case related to the sexual abuse allegations against Prajwal Revanna. He was released on bail on May 14.

The JD(S) patriarch also called for financial compensation for the victims, noting that Kumaraswamy has already made such a demand.

Obituary

Biddanda Pushpa

Mysuru, May 19- Biddanda Pushpa (Mandeda), wife of late Biddanda Ponnappa and a resident of No. 668, 'Pushpanjali', 12th Cross, Roopanagar, Bogadi, passed away yesterday in city. She was 71.

She leaves behind two sons and a host of relatives and friends.

Last rites will be held at Muktidhama in Vijayanagar 4th Stage tomorrow (May 20), according to family sources.

Wajid Khan

Wajid Khan (69), a resident of Rajivnagar, passed away yesterday in city.

He leaves behind three sons including former Corporator Fairoz Khan and social worker Jabber Khan, two daughters, grandchildren and a host of relatives and friends.

Namaz-e-Janaza was held yesterday at Masjid-e-Azam on Ashoka Road after Maghrib prayers at 6.30 pm, followed by the burial at the Muslim Burial Grounds near Tipu Circle.

No meat sale on May 23

Mysuru, May 19 (KS)- The Mysuru City Corporation (MCC) has ordered closure of all shops selling meat in its jurisdiction on May 23 on account of Buddha Purnima.

Hence there will be no sale of meat on May 23, according to a press release from the MCC Health Officer.

Two held for smuggling

56 kg sandalwood worth Rs. 8.50 lakh seized

Mysuru, May 19 (RK&KS)- City Crime Branch (CCB) Police have arrested two persons on charges of smuggling sandalwood and have seized 56 kg of the fragrance wood worth Rs. 8.50 lakh from them.

Following information about two youths smuggling sandalwood in a bike near a bar in Vijayanagar 4th Stage on May 8, the CCB Police stopped the two youths and on inspecting the sack they were carrying, the Police found sandalwood pieces in it following which the Cops arrested the two youths.

Following interrogation, the two accused were produced before a Court, which remanded them to 14 days judicial custody.

DCP (Crime and Traffic) S. Jahnavi and CCB ACP S.N. Sandeshkumar guided CCB Inspector Mohan Kumar, Sub-Inspector A. Maruthi and staff Saleem Pasha, T. Prakash, R. Mahesh, A. Umamahesh, M.R. Ganesh and H.N. Shivanna in the nabbing and seizing operation.

Man missing from N'gud

Mysuru, May 19- A 55-year-old man, who left his house on Apr. 22 at about 8 am on his bike (KA-10-EF-7408), has since gone missing. The missing man is Mallesh, a resident of P. Marahalli village in Nanjangud taluk.

Mallesh

He is 5 ft. tall, fair complexioned, round faced and was wearing a black pant and white shirt at the time of going missing, according to the complaint lodged by his daughter Shwetha.

Those having any information about the missing person may contact Kavalande Police Station on Ph: 08221-221621, according to a press release.

WORD OF THE DAY

Zhuzh

Pronunciation: ZHUZH (the U is as in PUSH) (Verb)
Meaning: To zhuzh something up is to improve its flavour or appearance by way of a small improvement, adjustment or addition.
Origin: Zhuzh (also spelled zhoosh) has an onomatopoetic ring to it: it resembles other sound-effect words, such as whoosh or zoom, that suggest dynamic movement, or perhaps more appropriately, a ruffling of hair or fabric. The earliest evidence of zhuzh shows that it is part of Polari, a kind of slang known especially for its use in 20th century British gay culture. The word has been in use since at least the 1970s, and gained wild popularity during the 2018 reboot of Queer Eye, a television series in which a fellow needing help in areas of fashion, grooming, living space, food and social grace gets a makeover courtesy of five talented gay men. While often used as a verb (paired with up), zhuzh is also a noun that refers to a small improvement or adjustment, as in "my hair just needs a quick zhuzh and I'll be ready to go."
Example: "Ever since my sister introduced me to this life-changing condiment, I've slathered [chili crisp] on pretty much everything I could think of—from roasted vegetables and noodles to seafood and popcorn. ... That deep savory flavor comes from ingredients like fermented black bean, shallots, mushroom powder, ginger, and seaweed, so it's no wonder it's become my go-to pantry staple when I want to zhuzh up my dinner in a matter of seconds." — Britt Ross, quoted on BuzzFeed, 17 Feb. 2024

THE ODD WORD

Anthropomorphize

To show or treat an animal, god or object as if it is human in appearance, character or behaviour.

PHRASE OF THE DAY

Up a blind alley

Meaning: When you use the phrase 'Up a blind alley' you mean that someone is following a course of action that is certain to lead to an undesirable outcome.
Origin: The origin of the expression 'Up a blind alley' comes from the mid-19th century, hundreds of years after alleyways that essentially lead to nowhere were first configured. The phrase is first seen in print in the late 1800s, with this example from the October 1874 newspaper Burlington Hawk-Eye serving as an illustration: "If, on account of these things, the overthrow of Republicanism must come, as come it will, we had better reach our destination as quickly as possible, making the issue sharp enough to be understood by all the world, and not be piddling along from year to year in a miserable blind alley of partisan passion and falsehood, getting weaker and weaker, and poorer and poorer, and madder and madder, under incessant proscription and vilification."
Example: "I keep telling Gina to stop chasing after Joe. She's just going up a blind alley!"

QUOTE BOX

Struggle teaches you a lot of things, and I am happy that I witnessed a roller coaster ride. The journey has improved me as a person and made me more mature. **—Manoj Bajpayee**

25th Anniversary of Sri Datta Venkateshwara Kshetra

19th to 24th May 2024

It is a matter of great fortune and pride that the Sri Datta Venkateshwara Temple located in Sri Ganapathy Sachchidananda Ashrama of Avadhoota Datta Peetham Mysore is celebrating its silver jubilee this month.

This sacred temple has its specialities. Parama Pujya Sri Ganapathy Sachchidananda Swamiji was in Nuzividu town of Andhra Pradesh for the consecration (Kumbhabhisheka) of the Deva Deva Dattatreya Swami temple. At that time, a devotee found a tiny idol of Lord Venkateshwara on the banks of the ocean at Manginapudi- Machalipatnam. Just as Swamiji was proceeding for the consecration rituals, he handed over the idol to Him. With the sacred pot over his head and the idol in His hand, Sri Swamiji climbed atop the temple and completed the consecration rituals. He then announced that He would construct at least a tiny temple for this idol in the Mysore Ashrama.

On His return to Mysore, another devotee met Him and expressed his desire to build a small temple for Lord Venkateshwara in the Ashrama. He asked for a small piece of land for this purpose. Accepting this as a divine play of Lord Venkateshwara, Sri Swamiji resolved to build a huge temple for Venkateshwara in the Northeast corner of the Ashrama. Some strange events preceded this resolve. From His room, Sri Swamiji would often see some Devatas and Gandharvas descending to this spot. He would see many deer and cows sporting and grazing in this area. One morning He had the vision of Lord Venkateshwara descending to this place! He saw the Rishis bathing in the Pushkarini and offering worship to Him. With this, Sri Swamiji resolved that a huge temple should come up in this land for Lord Venkateshwara. The day of the Kumbhabhisheka arrived! It is mid-noon. Exactly at that moment, the thousands of assembled devotees witnessed a glowing ring forming around the Sun. Three eagles arrived and circumambulated the temple thrice and flew away leaving all the devotees deeply astonished! This temple, which is filled with many divine miracles, is now completing its 25th anniversary. The silver jubilee functions and the Brahmotsava rituals are being held from 19th May to 24th May 2024. We request all the ardent devotees from Mysuru to participate in all rituals on these days and to obtain the grace of Lord Venkateshwara.
All are welcome.
